PROFESSIONAL EXPERIENCE

Middle School Literature & Pre-Algebra Teacher / GenAI Curriculum Developer

The Bridge Homeschool Co-op – Sarasota, FL
Sept 2025 – Present

- Designed three full 26-week curriculums (American Literature, Pre-Algebra, Elementary Writing) fully supported by AI workflows.
- Produced 40+ AI-generated slide decks using **Gamma** for lessons, grammar, literary devices, and math concepts.
- Leveraged **Claude** for reading comprehension, long-context literary analysis, and teacher note development.
- Utilized **ChatGPT & Gemini** for scalable content generation, including worksheet generation, question banks, vocabulary lists, quizzes, assessments, and structured explanations.
- Built AI-powered grading workflows using prompt templates, rubric alignment, and calibration steps to reduce errors and ensure accuracy.
- Designed UDL-friendly worksheets and visuals for mixed-ability classrooms, enhancing accessibility.
- Reduced lesson planning time from 8 hrs/week to ~2 hrs/week via streamlined AI systems.

GenAI Consultant & AI Content Workflow Designer (Freelance)

Remote
Jan 2024–Present

- Created professional multi-modal AI workflows using **Gamma, Capcut, Cartesia AI, ElevenLabs, and Canva** with frontier LLMs.
- Developed automated pipelines for short-form video scripts, voiceovers, captions, storyboards, and visual generation.
- Performed multi-model evaluations (**Claude vs GPT vs Gemini vs Grok**) for reliability, accuracy, hallucination control, and speed to determine optimal tool choice.
- Built prompt-based systems for scalable content creation: Lesson slides, Curriculum blueprints, Social media content, Customer messaging, and Documentation/SOPs.
- Consulted creators and educators on best practices for safe and ethical AI integration and deployment.
